Why Women Love Chocolate - Streetdirectory.com Chocolate makes us feel good. Chocolate contains phenylethylamine, the same chemical that is released in the brain when we fall in love. Eating chocolate can give some people a natural "high" which is often related to the feeling of being in love. Chocolate is good for you.

Why Do I Crave Chocolate During My Period? | Psychology Today I disliked how the doctor in this portrayed it as just being a reason for women to be able to stop watching their figure. Most women aren't strictly dieting and agonising over eating a bit of chocolate in the first place, and honestly, if you have friends who give you crap for eating sweets, you need to find better friends. Why Women Need Chocolate - amazon.com The author encourages women to learn to follow food cravings and satisfy them within reason. Her view is that denying a food craving is denying your body what it really needs at a given time. She also details a simple exercise plan to coincide with an eating schedule that will produce optimum benefits for women. Why Do Women Crave Chocolate? / Nutrition / Healthy Eating The sugar and caffeine in chocolate raise your blood sugar levels. Dark chocolate is low on the glycemic index, so it can even help stabilize blood sugar levels safely. One reason why many women and men sometimes crave chocolate is because their blood sugar levels have fallen and chocolate provides a hit of sugar for quick energy.
